SAMPLING TIP

This light ale has a deep golden colour with a smooth, frothy head. It is very perfumed with an unmistakable hint of aromatic hops and a fruity (citrus) note from the spices used in production. The body has an intense yet distinctive bitterness and a strong malty taste which is a delight to the palate. The overall effect, however, is a slight dryness and hoppiness. All these features make St-Feuillien Blonde an excellent and very drinkable beer.
